

環保教育組 Environmental Protection Team

皇仁書院環保教育組旨在提高同學的環保意識，並培養他們對保護動植物棲息地等事宜的關注。我們不僅會分享有趣的理論和知識，而且鼓勵和驅動同學在日常生活中實踐相關的原則，身體力行。我們認為，環境保護並非如乍看般遙不可及，倒是關乎您和您後代生活的。

環保教育組過去數年一直致力在校園內推動環保。在這個學年，我們舉辦了一系列的活動和在社交媒體發佈不同有關環保的小貼士以達至我們的成立目標，所舉辦的活動包括中一級廢物升級再造比賽，利是封回收計劃，「拯救地球」環保攝影比賽和中一中二班際自然科學問答比賽等，大家如果有興趣知道更多，歡迎瀏覽環保教育組 ig 帳戶 [qc_ept](#) 和參與開放日。

The Environmental Protection Team is a function team to enhance students' environmental awareness and foster their sense of conservation of wildlife habitat. Not only do we share interesting theories but also encourage and drive students to practice related principles in daily lives. We believe that environmental protection is not an abstract issue that is distant to you as it may seem, but a habit that determines the future of you and your descendants.

Aiming to promote environmental conservation, the Environmental Protection Team organised an array of activities including the F1 Waste Upcycling Competition, Old Lai See Recycling, 'Save The Earth' Eco-photo Competition and F1,2 Interclass Natural Science Quiz Competition. We also posted eco-friendly tips on our social media in order to promote such ideas to students.
