

Table Tennis Team

About Us:

The Queen's College Table Tennis Team is one of the oldest clubs in Queen's College having been established since the 1950s. And to this day remains as one of the leading clubs in the Sports Union. We aim to bring table tennis enthusiasts around Queen's College together and promote this sport around the school. Under normal circumstances, training sessions are held twice a week in the SAC. The table tennis team also actively participates in interschool competitions.
